

UNIVERSAL LIFE INSURANCE

Underwritten by Transamerica Life Insurance Company

Universal life insurance from Transamerica is a type of permanent¹ life insurance that can cover you for the duration of your life, as long as premiums are paid. It also builds cash value that can be used as a withdrawal or loan² to help pay for unexpected expenses.

Average funeral cost in the U.S. is between \$7,000 and \$10,000.³

MEET TAYLOR

Taylor lost their dad unexpectedly as a teen, so they know the importance of having a plan to help safeguard their family's financial future.

That's why they enrolled in a \$50,000 universal life insurance policy at work. This life insurance policy will provide their partner with some relief knowing they will have help paying funeral costs or any other expenses like a mortgage or existing debt if they were to pass away.

AN EXAMPLE OF HOW UNIVERSAL LIFE INSURANCE WORKS

This example assumes Taylor elected a \$50,000 death benefit amount.

If Taylor were to pass away, as the beneficiary, their partner will receive the \$50,000 to use for expenses such as their funeral costs or for anything else they need based on their situation.

¹ In using the term “permanent,” it is important to note that the insurance could lapse prior to the maturity date based on the planned periodic premiums, guaranteed interest rate and guaranteed cost of insurance charges, or for non-payment of premium.

² Loans, withdrawals, and death benefit accelerations will reduce the policy value and the death benefit and may increase lapse risk. Policy loans are tax-free provided the policy remains in force. If the policy is surrendered or lapses, the amount of the policy loan will be considered a distribution from the policy and will be taxable to the extent that such loan plus other distributions at that time exceed the policy basis.

LIMITATIONS AND EXCLUSIONS:

If an insured employee withdraws the cash value, tax consequences and/or surrender charges may apply; Individuals currently on disability or on premium waiver are not eligible for insurance; During the first two years, the death benefit for suicide (while sane or insane) is limited to the return of premiums paid, less any loans, partial surrender amounts, and accelerated benefits paid, if any.
